Dear Detective Becker:

My name is Lisa Schechter and I am the Executive Director of the Hollywood Media BID. I am reaching out to you regarding the 5 Surveillance Cameras that were purchased many many years ago by our BID and installed within our district's "hot spots" - This equipment is outdated and apparently from your recently email communication dated March 10th - they have out of service.

The BID has an existing monthly service contract with Metro Video Systems (Jim Sage) - so if the cameras are inoperable and functionally obsolete I would have no notification from LAPD (except for your email communication).

I am curious if these camera in their current condition are of value to the LAPD and the City Attorney - Can you please advise?

The current locations of our cameras are as follows:

1. Producers Film Center - 948 N. Sycamore Avenue (SLO Jordan)
2. The Lexington Theatre - 6760 Lexington Avenue (SLO Jordan)
3. Public Storage - 6801 Santa Monica Blvd (SLO Guerra)
4. Hollywood Center Studios - 1040 N. Las Palmas (SLO Jordan)
5. LA Security Storage - 6372 Santa Monica Boulevard (SLO Guerra)
5. Repeater relay unit - 1025 N. Highland Avenue

Let me know as to the current condition of these cameras - as the BID will be making a decision regarding them.

Thank you

Lisa Schechter
